

## Spring has Sprung

### THREE WEEKENDS OF FREE EVENTS AT FAREHAM SHOPPING CENTRE

Each Saturday and Sunday between 11am and 3pm from 5-20 March, Fareham Shopping Centre will host an array of FREE spring activities for all the family in Osborn Square.

Launching with a Floristry Workshop on 5 and 6 March, customers can learn the art of floristry and get to take their very own mini floral creation home with them. Week two will host a fun and engaging Circus Workshop giving customers the opportunity to learn new skills and week three is our Mother's Day Crafts where we will have a gifts workshop, where budding artists can paint their own canvas picture to give to their special person.

Mike Taylor, Centre Manager at Fareham Shopping Centre, commented: "Following on from the success of our half term Dino Adventure and the positive feedback we received, we wanted to continue bringing as many free activities as we can to the centre. Fareham Shopping Centre is situated at the heart of the community and are excited to bring three weekends of FREE activities for our customers to enjoy".

Executive Leader of Fareham Borough Council, Cllr Seán Woodward, said: "We are pleased to support the spring events at Fareham Shopping Centre this March. These events not only encourage Fareham residents back to our local shops, supporting our 'live, love, local' campaign, but also provide fun activities for residents and their children".
